

MODULE 4

An Introduction To Rubber Crumb

1 Day course. Learn the all important theory and gain some practical experience.

8 hours | £199 + VAT per person

Thank you for enquiring about our rubber crumb training course.

At Rhino, our courses differ from many others on offer in that they are delivered by highly experienced installers who can offer a real hands-on insight into the methods and practical aspect of a successful rubber crumb installation.

By the end of the 1-day course, you will have all of the knowledge required to complete a competent installation of rubber crumb surfaces, all you need then is to get some installations under your belt to become a great installer.

From base build ups to the install itself and everything in between this course provides a step by step guide on how to achieve a superb rubber crumb installation.

The course commences at 9am and will finish at around 4.30pm.

Course notes and installation manuals will be provided at the end of the course but feel free to bring note pads to take any additional notes.

A light lunch will be provided. Please advise us if you have any special dietary requirements.

As the afternoon will be a practical session, we advise delegates to bring a change of clothes just in case.

Please see attached for map and directions to us.

The course agenda is as follows:

AM - Theory

Introduction to Rubber crumb surfacing and BS/EN standards for installation.

Suitable surfaces for application (inc. recommended base build up)

Installation process and requirements

Calculating and quoting based on Free fall height requirements.

Product info/H&S data

PM - Practical

Introduction to equipment and tools

Mixing and Laying safety play (rubber crumb) surfaces

You will also leave with a comprehensive business pack which includes:

- 1) Detailed installation and product manuals for Rubber crumb
- 2) Free to use business templates, including customer quotation templates, site surveys, job cost calculators, customer feedback forms and many more

If you have any questions please do not hesitate to contact us
