RHINO

Surface Solutions Ltd

The surface you want to come home to, installed by a trading standards approved company

Check out our verified independent customer reviews online at www.buywithconfidence.gov.uk

Rated 5/5 ★★★★★

From driveways to patios, pool surrounds to parks, there is a **RHINO** Surface to suit every property and every taste.

RHINO have been providing high-quality resin bound surfaces to our valued customers for over 12 years and have vast knowledge and experience within the resin bound industry.

Our highly experienced, friendly team provide an exceptional service from the first enquiry through to the completed installation.

The benefits of a **RHINO** Surface vastly outweigh other surfaces available, not only are they UV stable which means the colour

will never fade over time, they are also weed resistant and fully permeable making them a lot safer than other surfaces.

With over 50 stunning blends of natural colours to choose from there is something to suite every property! Why not pop into our showroom where our team will be more than happy to show you the wide selection of colours available and show you the laid surface in action.

We pride ourselves on being fully accredited and approved by the governments **Trading Standards** department and members of the 'buy with confidence' scheme giving you total peace of mind that with **RHINO** you are in safe hands and can expect an excellent service every time.

ALPINE

An eye-catching blend of white aggregates with flecks of silver. This crisp and contemporary look complements darker border colours but is equally spectacular when used on its own.

ARCADIA

This stunning selection combines golds with greys to create a stylish blend which is always a favourite. It works particularly well with stone and rendered properties or in coastal areas where it complements the colours of the natural landscape beautifully.

ARIZONA

This blend of mainly rounded gravel contains chestnut, hazel and almond colours mixed beautifully with soft creams, yellows and grey to create an absolutely stunning finish.

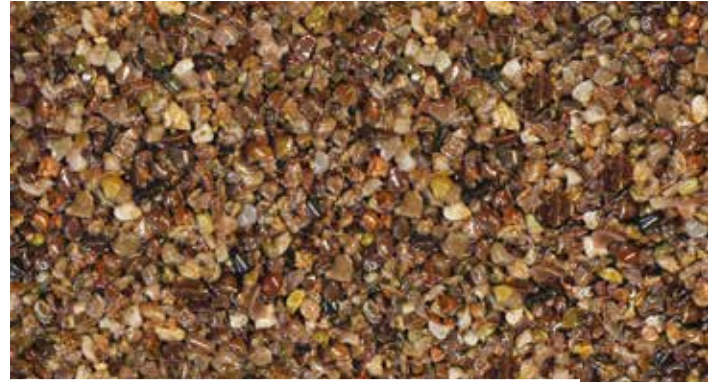

ATHENA

This blend of red and silver resin bound aggregates is often used to create unique design features but it works equally well as the main colour creating a very distinctive, eye catching finish.

AURORA

Flecks of chestnut and black highlight the lighter tones of gold, cream and grey perfectly to create a truly stunning finish that is ideal for driveways, patios and paths.

BRINDLE

This gorgeous combination of angular stone in crushed brown, purple and pink creates a beautiful, subtle finish which looks perfect in any driveway or patio setting.

CAPPUCCINO

Warm hues of yellow, green and brown aggregate of various textures and sizes are mixed to create an attractive deep and rich finish.

CARNIVAL

This gorgeous blend is a carnival of warm colours. Combining red with golden aggregates, it complements homes and commercial properties of all types.

CHAMPAGNE ICE

Much like the blend Sunlight this golden and beige mix of resin gravel with added white will brighten up any garden with its soft, summery feel. A stunning choice for patios and paths as well as driveways.

CHAMPAGNE PINK

Subtle tones of lilac, brown and purple are beautifully offset against silver to create this spectacularly elegant and attractive blend of mixed angular and rounded stone – an ideal choice for driveways, paths or patios.

CORNFIELD

Warm, sunny and welcoming. Yellow and golden hues combine to make this an ideal selection for driveways, paths and patios.

DEVON YELLOW

Beautiful and highly decorative, with tones of gold, creams, and chestnut with flecks of black that highlight the lighter tones perfectly within the mix, giving a truly stunning finish.

DIAMOND SAND

Much like the blend Champagne Ice this bright blend with slightly warmer hints of Autumn Quartz will brighten up any garden with its soft, summery feel. A stunning choice for patios and paths as well as driveways.

DOMINO

This elegant mix of black and contrasting white stone is beautifully textured. Guaranteed to make an immediate impression.

DUNE

This warm and sandy coloured finish combines all the very best brown and yellow gravels to create a semi-rounded, smooth and even texture. A very popular choice.

ECLIPSE

Jet black interspersed with silver flecks creates a sparking colour combination which works incredibly well across larger areas in particular.

EDEN

All the beauty of autumn captured in one blend. In particular, the green accent within the blend complements grassed and planted areas and makes this an ideal choice for garden paths and patios as well as driveways.

FOSSIL

This beautiful blend of cream with a hint of silver offers a lighter, softer finish for contemporary and traditional properties.

GLACIER

White stone interspersed with ivory tones give this classic colour a cool, clean and sophisticated finish.

GOLDEN PEARL

This semi-rounded smooth textured blend includes a combination of brown hues along with yellows and natural light colours to give a smooth, durable finish that is incredibly popular for use in resin bound driveways, paths and patios.

HARLEQUIN

Silver contrasts beautifully with black to create a very strong contemporary look that is ideal for the most stylish resin bound driveways, paths and patios.

HARVEST GOLD

A warm golden brown blend that is made even more attractive by the hint of gold that runs through it. This classic collection complements most property styles and is a popular choice for paths and patios as well as driveways.

HEATHER

Multiple tones of green, cream and plum make a truly stunning colour blend. Hard and durable, this is the perfect choice for driveways.

MERLOT

Strong. Rich. Burnished Red. A striking choice which works particularly well against other strong colours and can be used for both traditional and modern designs.

MOON SHADOW

This silver grey angular blend with a strong black fleck for texture and contrast produces a contemporary and clean finish.

MORNING MIST

Silver and cream tones run through this blend and the pearl coloured finish delivers a distinctively premium, luxurious feel. Clean, classic and contemporary.

ONYX

A striking deep black aggregate, made even more attractive because of its shiny finish. The perfect contrast to pots, plants and flowers, it is incredibly versatile and can also be combined with contrasting border colours such as grey or silver to create a stunningly contemporary look.

ORCHID

Natural clusters of smoothly rounded greys, yellow and cream combine with bursts of angular pink, purple and brown to create an eye-catching blend of real beauty - a timeless classic for any driveway, patio or path.

OYSTER

Natural light quartz colours are mixed together with flecks of black to add real depth and character to this blend. Perfect for driveways.

PEARL BLUSH

This creamy white blend features natural bright, light colours including flecks of cream, yellow and grey blushed with red. Hard but durable, this colour blend creates a stunningly natural, decorative finish.

PINK OPAL

Angular jewels of pink, purple and brown stone are beautifully offset against a lustre of smooth, rounded greys and natural beige. A classic blend which complements properties of all styles and age.

POLARIS

This blend of black with silver grey contrasting flecks produces a speckled granite like surfaced which is perfect in an urban or pedestrian setting.

RIVIERA

This colour blend is full of character and beauty – sandy hues mixed with amber and silver specks create an eye-catching finish just perfect for resin bound drives.

ROCK POOL

This blend of hard pearl quartz with plum tones creates a rounded gravel mix which is full of character and distinction. A classic blend which works equally well in traditional as well as contemporary designs.

ROSE GARDEN

This specially selected collection of round, shiny pebbles mixed with granite stone has beautiful red and golden highlights which complements red brick properties in particular.

SANTORINI

Red and white aggregates combine stylishly to create a sensational colour blend reminiscent of the Mediterranean.

SEASHORE

This palette of coastal inspired creams, yellows and greys creates a gentle warm blend which works beautifully with a wide range of properties.

SIENNA

This beautiful mix of tones includes browns, oranges and reds to create a warm and inviting finish which is still very contemporary.

SLATE GREY

This gorgeous slate coloured resin bound gravel is permeated with shades of lighter grey throughout. A timeless classic that suits all styles of property.

SOLSTICE

Fiery red granite set amongst tones of angular pink, cream and grey stone creates a show stopping blend that adds instant impact to any driveway, path or patio.

SORRENTO

The striking contrast of red against green and the defined angular appearance of the gravel makes this an ideal and very practical choice for driveways.

SOVEREIGN

This striking mix of angular stone in deep green with flecks of cream, yellow and white delivers a classic and stylish finish. Ideal for driveways, paths and patios.

SPRINGTIME

This exceptionally popular mix of golden, white, red and brown aggregates creates an attractive traditional colour blend which works well with all types of properties.

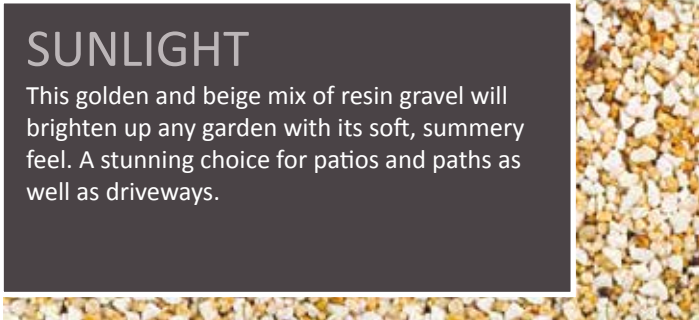

STEEL BLUE

This stunning blend of silver grey features flecks of blue and black and creates a contemporary finish ideal in any urban setting - but it also makes a spectacularly impressive contrast against traditional brickwork. Eye-catching when used for driveways, patios and paths.

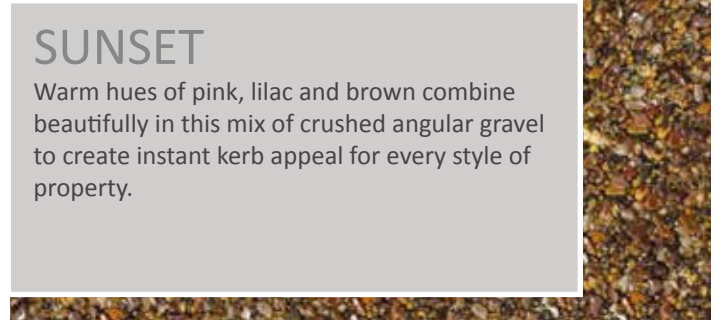

SUNLIGHT

This golden and beige mix of resin gravel will brighten up any garden with its soft, summery feel. A stunning choice for patios and paths as well as driveways.

SUNSET

Warm hues of pink, lilac and brown combine beautifully in this mix of crushed angular gravel to create instant kerb appeal for every style of property.

TUSCAN PEANUT

A beautiful warm blend of rich reds with hints of gold complements homes and commercial properties of all types, red brick properties in particular.

WHITE GOLD

This distinctive mix of golden and white stones, consisting of various aggregate sizes and textures is bright and summery. Perfect for driveways, patios and paths.

WINTER PLUM

This blend of white with plum tones creates a blend that is full of character and distinction. A modern blend which works well with contemporary designs.

WINTER SAGE

This stunning blend consists of dark green and contrasting gold, cream and grey. The perfect choice for contemporary driveways, paths and patios.
